
 BLASTECH OVERHAUL and REPAIR CORP.	Approved Supplier PO Flow Down Requirements	Form 43.0
		Rev A

Blastech Overhaul and Repair Corp strives to exceed customer expectations and meets requirements of AS9100 and, as such, requires that suppliers continue to meet requirements to ensure product quality and delivery for our aerospace and military applications. All approved vendors are evaluated on an ongoing basis for Quality and Delivery. Poor performance may result in corrective action request(s) or removal as an approved supplier.

To ensure these requirements are met, the following Purchase Order Requirements are effective:

- All personnel affecting product or service quality must be competent. This is typically addressed by maintaining a training program for all employees that directly affect product quality.
- The use of statistical techniques for product acceptance and related instructions for acceptance by the organization, if applicable.
- No nonconforming product or services may be provided to Blastech Overhaul and Repair Corp. No deviations will be accepted or approved.
- A quality management system (QMS) shall be implemented and maintained.
- Organization will prevent the use of counterfeit parts.
- Any changes to processes, products, or services (including changes to suppliers or location of manufacture) will be communicated and obtain Blastech Overhaul and Report Corp approval.
- Organization will flow down applicable requirements to suppliers, including customer requirements.
- Organization will provide test specimens for design approval, inspection/verification, investigation, or auditing
- Organization will retain documented information, including retention periods and disposition requirements.
- The right of access by the organization, their customer, and regulatory authorities to the applicable areas of facilities and to applicable documented information, at any level of the supply chain.
- All supplier personnel are aware of their contribution to product or service conformity.
- All supplier personnel are aware of their contribution to product safety.
- All supplier personnel are aware of the importance of ethical behavior.
- Blastech Overhaul and Repair Corp absolutely prohibits the use of any type of trafficking, forced or child labor anywhere in the world.

To the fullest extent permitted by law, Subcontractor, on behalf of itself, its employees, agents, successors and assigns, hereby releases and agrees to defend, indemnify and hold harmless Contractor, its officers, directors, employees, agents, affiliates, successors and assigns from and against any and all losses, damages, claims, suits, costs and/or expenses, including reasonable attorneys' fees, resulting from the actions or inactions of Subcontractor, its managers, officers, employees, subcontractors or agents and arising out of Subcontractor's work or services performed under this Agreement.
